...helped more than 40,000 students to achieve outstanding results in their classes, on their tests, and in their collage and private school admissions campaigns. It is the hallmark of all Chyten's companies that they create outstanding curriculum and strategies that allow students to master their assignments, their tests, and their applications in a way that elicits spectacular results. In fact, thousands have used this curriculum and these strategies to earn perfect or near perfect test scores and GPAs, and thousands more have earned admission into the most selective colleges and private schools in the world.

For more than 40 years, Neil Chyten's companies have earned reputations for excellence that few other companies in the country can match, using materials and strategies that few other companies can emulate. Furthermore, his companies have earned a reputation for outstanding customer service and loyalty. Customers know that if they are ever unhappy for any reason, they can always pick up the phone call and someone will take care of the situation to the ultimate satisfaction of the client.

Avalon Admission invites and encourages open communication with our students' parents. The way that we see it, we are all part of the same team striving for the same goals. Anything you can do to help us help your child will be welcomed with open arms and open ears. Our industry knowledge is unsurpassed; however, no one knows your child better than you. We look forward to learning as much as possible and doing everything in their power to help your child and your family reach, or exceed, expectations.

Finally, Avalon Admission is always striving for new ways to improve its services. Therefore, we ask you to share your advice and opinions with us whenever and wherever you see places and ways we could improve. It is through client feedback gained over 40 years that Avalon Admission developed into the company it is today, and it is through your continued feedback that our services will become even better and more customized for you and your family.
